 - 1/3-1/6 \$45-50
 - 1/9-1/13 \$50-55
 - 1/17-1/20 \$55-60

Reflections

- Club Day
 - PROS: layout, signups
 - AFI: have a map layout of where each club is, check in area, don't have clubs make announcements, felt like rushed planning at the end, have dippin dots & breadsticks for sale, make clear to clubs you can't bring your own table

- Name that Tune
 - PROS: different from other events we do, creative idea, easy for students to participate
 - AFI: cd didn't work (have backup playlist), know rules
- Homecoming
 - PROS: food, setup was efficient
 - AFI: black light, messy center pieces, have a photo booth, have DJ say where photos are
- Geeks Around the Globe
 - PROS: good idea, creative name
 - AFI: some math questions were wrong, have nametags, MC needs to know what is going on, complicated system for event
- Red Ribbon Week
 - PROS: not high threat, bracelets & pencils, balloons
 - AFI: have effect of inhaling helium, not as big of an impact, have a speaker, have explanation of what happened to car, have rep from MADD
- Sports Promos
 - PROS: good concept, teams excited to have promotional event
 - AFI: posters say "this Friday" but should have a date, have team do something during lunch day of game, have more incentive than candy to come to games, have a raffle at games- must be present to win, raffle sports tickets (ex. padres games), give something to teams, stay for whole game
- Kandy For Kids
 - PROS: name, day after Halloween, participation, writing notes
 - AFI: should send email to parents
- Pre-Thanksgiving Eating Contest
 - PROS: good idea, 2 MCs
 - AFI: write allergies on sign up sheet or food being served, spread out more, ended fast, after each food eating do an activity to make event last longer
- Strut Your Spooky Stuff
 - PROS: stage, themed publicity
 - AFI: signups too early, not as much participation (due to midterms), have in upper quad next time, have a check in table, remind teacher judges day of
